Picture Sizes

Once you have an acceptable image decide if it would look best as a 1x1 square, 2x2 square or an Edge to Edge picture.   Here are some examples using the same picture.

 This is a 1x1 card
 This is a 2x2 card

 This is an Edge 2 Edge card

If you have a picture that's more vertically oriented like a portrait, then you may find that the 2x2 is a good fit.

Horizontally oriented pictures like landscapes may work best in the Edge to Edge format.

Once you're on the appropriate site for the size you'd like, you should see a screen similar to the following:

Click the "UPLOAD YOUR IMAGE" button on the right hand side. This will take you to the following page.
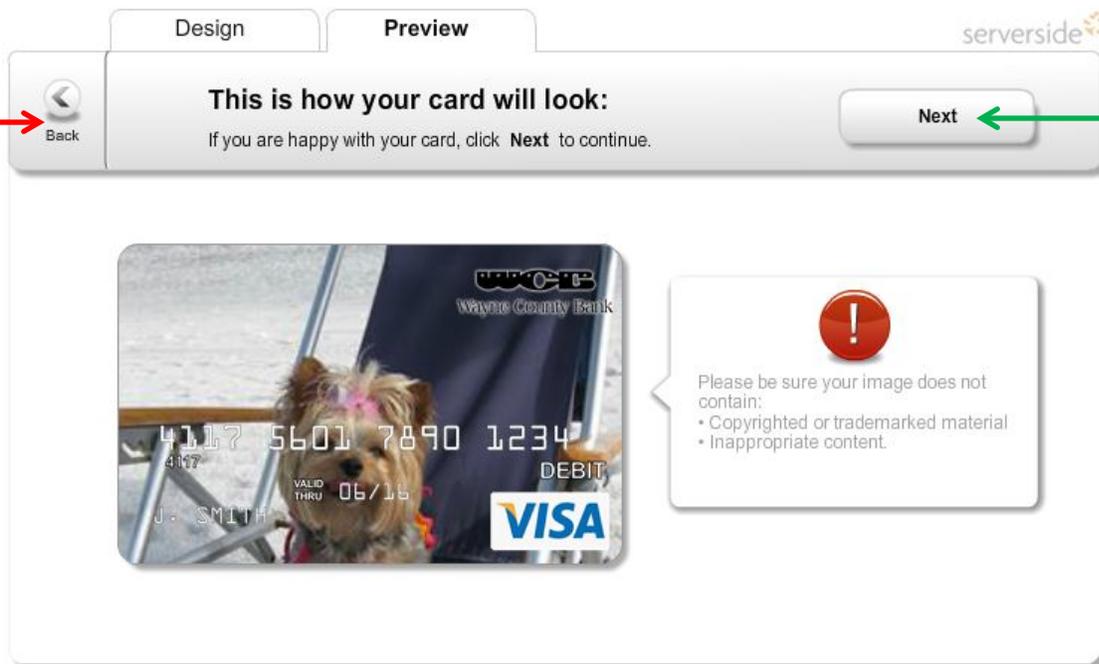

After you've browsed and selected the photo you wish to use click "UPLOAD".   Once the image has been uploaded you'll be taken back to the first screen you saw but now you should see your photo in the box size you chose.

On this screen you can reposition the picture, resize the picture, flip it and rotate so that it's exactly how you want it to look.

(If you find that you don't like the photo in the box size you chose and you want to try another size you'll need to start from the beginning and click the link for the other size you would like to try and repeat the upload.   Play around and find what you think looks best.)

After you're satisfied with your card click the "Preview" tab. Then you'll see the following screen.

This screen gives you the opportunity to decide if you're satisfied with the card.

If you're not satisfied hit "Back" and make some more changes. (Notice how the numbers are through our faces? I would hit "Back" and reposition.)

If you are satisfied click "Next" and go on to the following screen.

Enter your email and click "SUBMIT"

The final screen will look like this and you'll need to enter your full card number and the last 4 digits of the SSN connected to the card.

Card Number and Social Security Number Validation

Please enter your card number and the last four digits of your Social Security number below:

Card number: _____
Last four digits of SSN: _____

Submit

After you've entered both click "SUBMIT"
